## A Quality Town Council!

The Town Council has received a prestigious award as part of the Local Council Award Scheme. This achievement recognises that the Council achieves good practice in governance, community engagement and council improvement.

The Award Scheme report highlighted the Council's particular areas of strength, including praise for its website as being very accessible and professional; the fact that the councillor profiles were clear and well set out and the clarity of advice to councillors for declaring interests was great.

Additionally, the Council's action plan was cited as detailed and clear and the community engagement exceptional.

The Local Council Award Scheme is a peer assessed programme designed to both provide the tools and encouragement to those councils at the beginning of their improvement journeys, as well as promoting and recognising councils that are at the cutting edge of the sector.

The Mayor Cllr Frank Letch said "This is a wonderful recognition of the hard work and diligence of the staff and the support of our Town Councillors. All deserve my heartiest congratulations!"

## Important community asset coming soon!

Devon Air Ambulance Trust (DAAT) has been working hard towards expanding its night time flying operations by working with communities across Devon to create a network of community landing sites. These are pre-surveyed floodlit landing sites which are developed and part-funded by local communities.

The Town Council is working with DAAT, QE Education Foundation and Credition Rugby Club to install a night time landing site at Lords Meadow playing fields (the area alongside Commercial Road), which has been assessed as the most suitable site for landing.

To achieve this, a 10m high lighting column containing a set of two 150 watt LED lights needs to be installed. The lighting column will have a control switch, operated by a mobile phone SIM card, which will enable the lights to be turned on/off remotely, meaning no-one needs to be on hand when the helicopter arrives and takes-off.

The project will cost £9,160.02 plus VAT. The great news is that DAAT has confirmed it will be providing a significant grant and the Town Council hopes that local community groups and organisations may like to hold some fundraising events of their own to help contribute towards the project. For example, Credition Rugby Club has already committed to helping with the ongoing electricity costs. Can you help by raising money for such a worthwhile project that will help to save lives? In the event of a funding shortfall, the Town Council has agreed to finance the rest of the project to ensure that the installation of such an invaluable community asset is not delayed.

## Play areas, have your say!

Shortly, the Town Council will be consulting residents that live near three Crediton play areas to ask their views on the future of the areas. Fulda Crescent, Spinning Path Gardens and Greenway Play areas were all under threat following a play area review conducted by Mid Devon District Council (MDDC) in 2016.

So, in order to protect them as valuable green community spaces, the Town Council decided to long term lease the areas from MDDC.

## Access for ALLotments

Fresh air, home grown produce and a healthier lifestyle are just some of the benefits of renting a Council allotment. With over 100 spread over three sites, the Town Council is reviewing how it can make its allotments more accessible, in particular to residents with impaired mobility.

With the help of Crediton Disability Access Group, the Council is working on a project to make the Exhibition Road allotments wheelchair and mobility scooter friendly. Quotations are being obtained for the required works and it is hoped the project will be completed by May 2017.

## Floral Crediton Competition 2017

Once again, we are inviting all Crediton residents to enter this year's Floral Crediton Competition. With six different categories - small formal garden, large formal garden, small managed natural garden, large managed natural garden, family garden and patio or hanging baskets - there really are no restrictions!

To ensure that you don't miss the judging on 13th July 2017, all completed entry forms must be returned by 30th June 2017. Local gardening expert, Mr Bert Jewell, will carry out the judging along with the Mayor of Crediton.

All entrants will be invited along to the awards Ceremony in September, where certificates and trophies will be handed out to winners. The awards ceremony also provides a great opportunity for keen gardeners to share their tips and experience!

Entry forms can be downloaded online at [www.crediton.gov.uk](http://www.crediton.gov.uk) or picked up from the Council Offices, Crediton Library, Tuckers Country Store, Crediton Garden Centre and Crediton Courier.

## Introducing "Redvers Ramble & Other Walks"

Since the successful launch of the Redvers Ramble leaflet, the Parish Paths Committee has now created a leaflet which includes five possible walking routes within and around Crediton, one being the ever popular Redvers Ramble. The routes vary in length and difficulty and utilise footpaths within the Town, as well as those in surrounding villages. This leaflet is aimed at locals and visitors, offering

something for everyone! It is hoped that it will be published in May 2017 and you will be able to pick up a copy locally from the Council Offices, Crediton Library and various shops and cafes.

What do you think?

What events would you like to see happen in the Town Square?

Have you taken part in the Floral Crediton Competition? What do you like or dislike about it? We would like to hear your views.

The Town Council has been producing this newsletter for numerous years and we would like to know what you think of it. Do you like it, what would you like to see changed, how do you think we could improve it?

Your views are important to us and we value your feedback. Please let us know what you think about the above issues, or anything else in Crediton! Go to the back page for contact details.

Trying to find a parking space in CREDITON is becoming an increasingly challenging issue for everyone.

## Think Before Parking

Firstly, we have those trying to find a space near their home, place of work, or those they are visiting. Secondly, we have the resident, whose road is becoming a car park. Thirdly, there are the pedestrians navigating cars parked on the pavement. Last, but certainly not least, we have the emergency services, who are trying to traverse their way around the Town as quickly as possible.

We are all affected by parked cars in some way or another. The real trouble arises when the parked cars cause an obstruction that creates a danger to life by preventing an emergency vehicle reaching its destination or endangering pedestrians forced to walk in the road with the traffic.

So, the next time you drive your car and consider parking in town, please THINK! If you would like more information about road safety please go to: <http://think.direct.gov.uk/>

## Keep CREDITON Clean Campaign

Have we ever told you how harmful dog poo is? Well, dog fouling is unsightly, unpleasant and can lead to Toxocariasis in humans, which causes serious illness and even blindness. Toxocariasis is caused by a roundworm parasite and is spread from animals to humans through contact with infected faeces. It usually affects young children because they are more likely to come into contact with contaminated soil when they play and put their hands in their mouths. The best way to reduce the chances of anyone being infected is for dog owners to regularly worm their pets and pick up and dispose of faeces immediately.

Unfortunately, there are a few dog owners who still don't seem to want to pick up after their dog. This is a particular issue in the Barnfield area of Town. The Town Council has FREE dog poo bags, so there really is no excuse.

Oh, and once you've picked it up could you please dispose of it in a bin - a standard street litter bin will do. Unlike one dog owner, who was recently seen picking up their dog poo then throwing the bag in a hedge! Thank you to all you responsible dog owners for cleaning up after your dog and showing your respect for your neighbours and our community.

Lets do what we can to **Keep CREDITON Clean!**

? Think you know CREDITON?

Where would you go to admire this Boss?

## CREDITON's First 24/7 Defibrillator

Thanks to the fundraising efforts of Tesco and a Devon County Council Locality grant, CREDITON Town Council hopes to install the first 24/7 public access defibrillator in CREDITON. The defibrillator will be leased from the South West Ambulance Service through its Defibrillator Support Package Scheme.

As well as the defibrillator itself, this package also offers an annual awareness event, which is available to any member of the community to attend. Keep an eye out for details about these events!

It is hoped the defibrillator will be installed on the outside of the Council Office building, making it centrally available in an area where numerous community events are held.

The Council also aims to provide comprehensive training to those living and working within close proximity to the device. If you are interested in receiving training, please contact us using the details on the back page.
