#### SPECIFIC AGENDA ITEMS

## 21. DCC Concept for Unitary Local Government

Councillors confirmed the decision that they would make their views known at the proposed local listening events and again at the public consultation stage.

## 22. Crediton Parking Traffic Order and Parking Review Report

Deferred, pending receipt of report.

## 23. Public Conveniences

It was reported that the provision of public conveniences in the town was about to enter a crucial stage.

The trustees of the Old Town Hall had expressed their concern over the future provision of the partnership toilets. Increased costs and MDDC's reluctance to provide an improvement in the annual subsidy could result in the closure of the toilets to members of the public.

The new toilets in Market Street were due to open soon. MDDC had indicated that, when this occurred, the toilets at St Lawrence Green would close. There was a very strong argument in favouring of retaining the St Lawrence Green toilets to provide facilities at the western end of the town for use by bus and coach passengers.

These difficulties, if not resolved, could result in only two public conveniences in the town (Market Street and Newcombes Meadow).

It was agreed that the Clerk should write to the MDDC Chief Executive expressing the Council's concern over the potential loss of public conveniences in the town and specifically requesting that the matter (i.e. the closure of St Lawrence Green toilets and the review of the partnership subsidy) is brought before the Executive Committee at its next meeting.

Following a lengthy and difficult debate, it was agreed that the Clerk's recommendation be approved. The Clerk to action as soon as possible (dependent on the Mayor's current commitments).

#### 29. CCTV

A brief discussion took place on unassociated staffing issues. It was suggested that the Clerk continues with the "day job" pending a staffing review. The Chairman agreed to arrange a suitable meeting.

Councillor Wright left the meeting.

Meeting closed at approximately 10.35 pm.

It was agreed to ask MDDC to consider taking over responsibility for the management and operation of the CCTV system. It was further agreed to liaise with Cullompton Town Council in order to progress the provision of additional district council support.
