94. **To discuss the switch on event along with arrangements for the digital/socially distanced event/s should restrictions not allow a physical switch on event and agree any actions.** Preparation will be needed for both an actual event and a virtual event also. If an actual event is able to take place, then videos should still be added to social media for the online viewing. The use of the windows last year for the competition was really popular and it was agreed that if any were available this would be great to continue.
Action- Lisa to contact key figures (Father Christmas and Kevin Payne, Town Crier) to ask about their involvement for the event (whether an actual event or virtual).
Action- Lisa to contact Turning Tides regarding their involvement on the day of the event and also the food stalls and bar that have been used before.
Action- Steph to contact Guides, Scouts, schools and nurseries regarding the theme and their involvement. To discuss singing videos to be used for social media for the event also.
Action- Lisa and Rachel to meet with the new electrician to discuss a role specification and establish costs involved.

Action- Lisa to contact St Johns Ambulance regarding First Aid cover.
97. **To discuss the lighting prop quotations from Lamps and Tubes and First Christmas and agree any actions.** The options of lighting were discussed, it was requested to see if Lamps and Tubes had any picture of the lights in action. The larger lighting props although great, unfortunately were more suited to larger towns and budgets also. The Projects Officer reported that Blachere had also been contacted and that the idea of hiring a prop was currently being looked into.
