MINUTES

2026/400 WELCOME AND INTRODUCTION

The Chair opened the meeting and members introduced themselves.

2026/401 PUBLIC QUESTION TIME

Members of the public asked the following questions:

- Who makes decisions, councillors or staff? The Chair confirmed the answer is both depending on what it is.
- Who decided on the £12,000 for the collated summer programme? The Chair confirmed that decision was agreed by Full Council, at the budget meeting. This was queried again and the Chair confirmed it would be looked into and responded to.
- Regarding the Summer Festival proposal, had the rewritten proposal been submitted by the 30th of November as previously discussed? The Chair confirmed it wasn't and that the proposal on the agenda was the first submission.
- The wording on the previous minutes regarding the approval to purchase a new noticeboard was queried. The Chair confirmed the noticeboard was ordered on 21 January.
- There is a bench upside down on the Square, the clock hasn't been repaired, noticeboard hasn't arrived. Are these operational matters? The Chair confirmed these tasks are all in hand.
- A matter regarding a complaint to the Monitoring Officer was raised. The Chair confirmed this is not a matter for the Town Council.
- Is the Owl working this evening and have you made checks to confirm this? Members of the public make the decision not to come to meetings because they can watch the meeting and quite often it is not working. Can you make checks beforehand to let the public know if the Owl is not working? The Chair confirmed this would be looked into by close of business next Friday.

- Regarding public question time, how long can a member of the public reasonably be expected to wait for an answer? Can the Council formalise in a policy what length of time would be reasonable? The Chair confirmed the aim is to respond by Friday of the week following the meeting, but a formal policy on response times would be considered by close of business next Friday.
- When will audio recordings be implemented? The Chair confirmed this would be looked into by close of business next Friday.
- Why are we paying for the Windows upgrade, what does the £1,000 cover and have you been receiving security updates? The Chair confirmed this would be looked into.

2026/411 SUMMER FESTIVAL

Tim Bland, the Events and Town Centre Officer, presented a report regarding the Crediton Town Summer Programme 2026. The report outlined the proposed activities, including Crediton Food Festival, the Boniface Bash, and other combined events with partner organisations including a youth fringe festival.

Cllr Backhouse expressed discomfort with the proposal and the way in which the budget was approved at the meeting on 13 January, before the proposal had been received.

The Events and Town Centre Officer emphasised the importance of cohesive communication and collaboration among various community projects. The officer highlighted that the objective was not to propose new expenditures but to ensure existing events were coordinated effectively to maximise community engagement.

There was debate regarding the marketing budget, with concerns raised about the allocation of £4,000 for marketing, which was seen as a substantial portion of the overall budget. The officer explained that effective marketing required specialisms such as working with videographers and print partners to reach a broader audience beyond social media.

The concept of match funding and income generation from ticketed events was discussed at length. The officer clarified that match funding would be sought for specific strands of the event, and any income generated would be reinvested into the programme. There was some confusion among councillors about the mechanics of match funding and whether it implied spending beyond the council's allocated budget.

The importance of establishing a task and finish group or steering committee to oversee the event planning was discussed. Councillors expressed support for this approach, recognising the need for a collaborative effort to manage the event and avoid overspending.

Decision: It was **resolved** to approve the recommendations in the report for the Summer Festival 2026, with the addition of a task force or working group being considered at the next Full Council meeting to oversee the summer programme's implementation. (Proposed by Cllr Brookes-Hocking, Cllr Backhouse voted against)

Task: Devise report regarding the creation of a task force/working group to oversee the implementation of the Crediton Summer Programme 2026, to be considered by Full Council on 17 February. @Rachel Avery @Tim Bland

2026/412 FORWARD PLANNING AND COMMUNITY ENGAGEMENT

Councillor Brookes-Hocking presented a detailed report on forward planning and community engagement, building on the outcomes of three previous community conversations. The report highlighted the need to consider future development in Crediton, particularly in the Barnfield area, and the importance of addressing community concerns about increased traffic.

The report included a proposal to commission a professional traffic assessment to evaluate the potential impact of various development scenarios on traffic movements in Barnfield. Several cllrs were concerned about the timing and necessity of the traffic survey, given that the specific development plans for Barnfield were not yet finalised. Members of the public raised concerns regarding

actions related to the Crediton Bypass as agreed at a previous meeting as well as spending money on what is a highway concern.

Cllrs considered consulting residents about the proposed traffic assessment at the Community Conversation, due to be held on 14 March 2026. Cllr Brookes-Hocking would report back to Full Council based on the results. Cllr Downes requested that the recommendations be made explicitly clear in the report.

Decision: The date of the Community Conversation, being held on 14 March 2026 was **noted**.

Decision: It was **resolved** to defer this item and gather resident-based evidence at the upcoming Community Conversation, with Cllr Brookes-Hocking reporting back to Full Council. (Proposed by Cllr Brookes-Hocking, Cllrs Backhouse and Letch abstained)

Task: Gather feedback on the proposal for a traffic assessment at Barnfield at the Community Conversation, due to be held on 14 March 2026 and report back to Full Council. @Liz Brookes-Hocking

2026/413 MICROSOFT WINDOWS UPGRADE

Members debated the cost implications of upgrading to Microsoft Windows 11 as the upgrade itself is free. Concerns were also raised regarding the security vulnerabilities of continuing to use Windows 10, which is no longer supported by Microsoft. It was noted that extended security updates are available, but the council questioned why their IT support provider had not already suggested or implemented the upgrade. The council agreed to defer the decision until further investigations could be made into what the cost included and why the upgrade hadn't happened sooner.

Decision: It was **resolved** to defer this item in order to obtain further information and clarity from the council's IT providers. (Proposed by Cllr Huxtable)

Task: Obtain clarification on the proposed Windows upgrade expenditure, investigate why the IT support company failed to act on known deadlines for Windows upgrades and confirm that security updates are still being received.
@Emma Anderson

Decision: It was **resolved** to approve the repair costs up to the value of £513.35 with the overspend coming from General Reserves. (Cllr Huxtable)

Task: Instruct the engineers to carry out the repairs on Newcombes toilet. @Emma Anderson

Budget

In late September the Government warned around circa 60 Councils, including us, to expect funding cuts of around 7% and with no guidance on whether the threatened removal of business rates growth accrued since 2013/14 was going to materialise, the Council had planned for a very challenging 2026/27 budget.

Clarity on both of these positions was finally provided in late December. The Government, in providing a 3 year Funding Settlement (FS), only delivered funding cuts of 2.1% (although you could easily argue this is really 5% if you take account of inflation) and is providing 100% protection of all the extra business rates accrued since the beginning of this system (a

huge relief). This had the effect of improving our earlier estimated budget gap reported to the January Cabinet meeting by around £1m.

This late news has significantly eased the Council's budget position for 2026/27 and it is now looking likely that we will be able to set a balanced budget, without the use of reserves, keep Council Tax increases within the Referendum Limit and continued to maintain our existing level and quality of service provision. A position we are very pleased to disclose.

The advantage of a 3 year FS is it gives more medium term financial certainty moving into the future – which enables more proactive strategic. Although the irony here is, that many Councils will not exist in the third year of FS! However, there are some other challenges included in the detail of the FS. At the end of 2028/29 we are £814k above our “fair funding” assessment (so what happens if this protection is removed?) and it also assumes that the Council's property base grows at the average level of the past 4 years (this is baked into the FS – so passes the financial risk of slow build out rates in the District to the Council). Both of these changes generate further uncertainty into any future financial planning.

Leisure Pricing Strategy

A decision was made to freeze membership prices for the forthcoming year to support affordability and encourage sustained participation, while increasing pay as you go tariffs in line with inflation and market rates.

Decision to cease using 'X' (formerly 'Twitter') as a social media platform.

While the use of communication and social media channels should not ever be solely down to any alignment on ‘brand values’, the platform now permits the creation and distribution of content widely perceived as abusive. Online abuse creates real-life victims and real-life vulnerabilities, and as such the Council does not feel it should continue to utilise such a platform.

Household Batteries

Batteries, especially lithium-ion batteries commonly found in everyday devices, can pose a severe fire hazard when disposed of incorrectly. Fires caused by batteries can spread rapidly, resulting in extensive damage to waste vehicles and facilities, and creating danger for residents and waste operatives.

Recycling batteries correctly is not only a matter of safety but also a vital environmental responsibility. Batteries contain hazardous materials that can leach into the soil and water if not recycled properly. By ensuring batteries are placed in designated recycling boxes, we contribute to the protection of our environment and reduce the risk of fires.

To help prevent battery-related fires, residents are encouraged to follow these essential guidelines:

- 1. Use designated recycling boxes:** General household batteries can be recycled as part of your fortnightly recycling collection - batteries must be placed in a clear plastic bag or tub, and left on top of the black box clearly visible for our collection crews. We do not collect Lithium-Ion batteries at this time.
- 2. Wrap or tape batteries:** Used batteries are not always completely discharged so take caution when disposing of multiple used batteries that could come into contact with one another. To dispose of the batteries safely, cover the positive terminal of each battery with tape.
- 3. Drop off at [recycling centres](#):** When in doubt, consider dropping off batteries at designated recycling centres or collection points.
- 4. Educate others:** Spread the word about the importance of proper battery disposal to friends, family, and neighbours.

Green Enterprise Grants This scheme will run again, this time for 2 years up to March 2028 with a budget of £20k/year. Look for news of it from March. The purpose of the grants is to help Small and Medium Sized Enterprises (SMEs) based in Mid Devon to invest in improved efficiency, for resource and energy savings and cost savings, to achieve reduced environmental impact and particularly climate impacts (carbon footprint). Note for Town & Parishes: there is an intention to make it easier in this round for community halls to apply (village halls, parish halls, church halls).

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b, c, d and e) (please read guidance note 10)

The licence holder is fully committed to promoting all four licensing objectives and recognises their importance in the responsible operation of the premises. The following general measures will be applied at all times to ensure that the objectives are upheld collectively and consistently.

All staff will be appropriately trained and made fully aware of their responsibilities under the Licensing Act and the conditions of the licence. Training will include the prevention of crime and disorder, public safety, prevention of public nuisance, and the protection of children from harm. Refresher training will be provided regularly and records will be maintained.

The premises will be managed in a responsible manner with clear operational policies and procedures in place. Effective supervision of the premises will be maintained at all times, and management will take a proactive approach to identifying and addressing potential risks before they escalate.

The licence holder will work positively with responsible authorities, local residents, and other stakeholders, responding promptly to any concerns or complaints and taking appropriate action where necessary. Open communication and cooperation will be encouraged to ensure the premises operates as a safe, well-run, and community-minded business.

Risk assessments will be undertaken as appropriate, and policies will be reviewed regularly to ensure they remain effective and compliant with current legislation and guidance. The overall aim is to provide a safe and welcoming environment while minimising any adverse impact on the local community.

b) The prevention of crime and disorder

The licence holder will operate the premises in a manner that actively promotes the prevention of crime and disorder. A zero-tolerance approach will be adopted towards criminal activity, anti-social behaviour, violence, and the misuse of drugs.

All staff will receive appropriate training in crime prevention, conflict management, and the responsible sale of alcohol (where applicable). Staff will be trained to recognise signs of intoxication, potential disorder, and suspicious behaviour, and to take prompt and appropriate action. Training records will be maintained and updated regularly.

Effective management and supervision of the premises will be maintained at all times. Clear procedures will be in place for dealing with incidents, refusals of service, and ejections, and an incident/refusals log will be kept and made available to responsible authorities upon request.

CCTV will be installed and maintained where appropriate, covering key internal and external areas of the premises. Footage will be retained for a reasonable period and made available to the police or authorised officers upon request.

The licence holder will work closely with the police and other responsible authorities, cooperating fully with any investigations and adhering to guidance provided. Measures such as appropriate staffing levels, clear signage, and the responsible management of customers will be used to reduce the risk of crime and disorder both within the premises and in the immediate vicinity.

c) Public safety

The licence holder is committed to ensuring the safety of all customers, staff, and visitors to the premises at all times. Public safety will be treated as a priority and managed through effective policies, procedures, and ongoing supervision.

The premises will be maintained in a safe condition, with regular checks carried out on the building, fixtures, fittings, and equipment. Any hazards identified will be addressed promptly. Fire safety measures, including clearly marked escape routes, emergency lighting, and fire detection equipment, will be maintained in accordance with current legislation and guidance.

Occupancy limits will be adhered to at all times, and the layout of the premises will be designed to allow safe movement and clear access to exits. Staff will be trained in emergency procedures, including evacuation, first aid awareness, and how to respond to incidents or accidents. An accident log will be kept and reviewed as necessary.

Risk assessments will be carried out regularly and updated where appropriate, particularly when there are changes to the operation of the premises or special events are held. The licence holder will ensure that all relevant health and safety requirements are met and will work cooperatively with responsible authorities to maintain a safe environment.

d) The prevention of public nuisance

The licence holder is committed to minimising any disturbance or nuisance to local residents and businesses and will operate the premises in a manner that respects the surrounding area.

Measures will be taken to control noise levels both within the premises and in the immediate vicinity. Music and other regulated entertainment will be managed at an appropriate level, and doors and windows will be kept closed where necessary to prevent noise breakout. Any external areas will be supervised to ensure they are used responsibly.

Clear signage will be displayed requesting customers to leave the premises quietly and to respect neighbours, particularly during late hours. Staff will actively monitor customer behaviour when entering and leaving the premises and will take reasonable steps to prevent loitering, shouting, or other disruptive behaviour.

Deliveries, refuse collections, and waste disposal will be arranged at reasonable times to minimise disturbance. The premises and surrounding area

will be kept clean and free from litter, with regular checks carried out throughout trading hours.

The licence holder will respond promptly to any complaints relating to public nuisance and will take appropriate action where necessary. Open communication will be maintained with local residents and responsible authorities to ensure that any issues are addressed quickly and effectively.

e) The protection of children from harm

The licence holder recognises the importance of protecting children from harm and will take all reasonable steps to ensure that children are safeguarded at all times when on or near the premises.

A strict age-verification policy, such as Challenge 25, will be implemented where age-restricted products are sold. Acceptable forms of photographic identification will be clearly displayed and consistently applied. Staff will receive training in age-verification procedures and refusal of service, with training records maintained.

Children will not be permitted access to areas or activities that are inappropriate for their age, and appropriate supervision will be maintained where children are allowed on the premises. Any entertainment or content provided will be suitable for the expected audience or properly controlled.

Staff will be trained to recognise signs of neglect, exploitation, or other safeguarding concerns and will know how to report concerns appropriately. A refusals log will be maintained and made available to responsible authorities upon request.

The licence holder will work in cooperation with responsible authorities, including the police and safeguarding bodies, and will comply with all relevant legislation and guidance to ensure children are protected from harm.

 13. Where there is more than one applicant, each of the applicants or their respective agent must sign the application form.
 14. This is the address which we shall use to correspond with you about this application.
 15. Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be issued to an individual or an individual in a partnership which is not a limited liability partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have the right to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

They do this in one of two ways:

- 1) by providing with this application, copies or scanned copies of the documents which an applicant has provided, to demonstrate their entitlement to work in the UK (which do not need to be certified) as per information published on gov.uk and in guidance.
- 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Home Office online right to work checking service.

As an alternative to providing a copy of original documents, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth, will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be shared digitally. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copies of documents as set out above.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

CREDITON TOWN COUNCIL

[CUT!] Report (for noting only)

Report by: Cllr Backhouse
To: Full Council
Date: For consideration on 3 March 2026

In February, a small team of volunteers — and Natalia, Steve and Rachel — carried out weeding along Exeter Road. The area was not too overgrown, but it benefited from a general tidy and soil removal.

While we were working, a resident from Saxon Close approached us to ask if we could clear some steps nearby. We were happy to help and weeded the steps there and also tidied a small additional area in Saxon Close with the resident.

We received some feedback via Facebook regarding the potential impact on bees. While we removed more soil than flowering weeds — and there were not many plants of significant value to pollinators present — we will remain mindful of where and how we weed in future sessions.

In particular, we will consider timing and areas carefully when planning next February's work. There will be no weeding session in March, as councillors may be attending the Community Conversation event.

We have also been approached by Landscore Primary School and will hopefully be working with them one afternoon soon. We're pleased to support this and involve younger members of the community where possible.

Our overall aim remains the same: to encourage residents to take pride in and care for their own streets, while also stepping in to help in areas where individuals are unable to manage the work themselves. We are beginning to see more people taking action locally, which is encouraging. With Mid Devon District Council no longer providing this service, community involvement is increasingly important in keeping our part of town tidy.

Highway Grass Verge Cutting

Report by: Deputy Clerk
To: Full Council
Date: For consideration on 03 March 2026

Recommendation

Full Council is recommended to consider quotations received for the grass verge cutting contract 2026-27.

1. Purpose

- 1.1 This report sets out quotations received to carry out the highway grass verge cutting on behalf of Devon County Council (DCC).

2. Background

- 2.1 Highway grass verge cutting has been carried out by Credition Town Council (CTC) since 2018, as part of the Urban Highways Grass Cutting Agreement with DCC.
- 2.2 The Community Committee agreed in 2025 to continue to enter the scheme with DCC, after reviewing the maps and noting the reduction in areas that would be cut if responsibility were to return to DCC.
- 2.3 CTC's current grass cutting maps are attached as Appendix One.

3. Proposals

Hi Jim

I have had further correspondence from [REDACTED] highlighting his concerns about the standard of work undertaken by DCC on the larger holes at Barnfield.

Emma - are we able to add this to the agenda for your meeting in March please? I will invite the member of public to attend the meeting.

Thanks

Rachel

Hi Jim (cc Steve)

I understand that a [REDACTED] has contacted you?
I am just emailing to confirm that he has chased us today, with the attached photos, due to no response.

I am copying in Steve as whilst I appreciate that I can report online, this isn't really a pothole matter. Can anyone please advise if this part of Cridton is on a schedule for resurfacing?

Thanks

Rachel
