154. To consider partnership working on a pilot project with Turning Tides CIC (and other community organisations) on an accessible heritage trail in Cridton

Jane Williams, Director of The Turning Tides Project CIC, provided an overview of a pilot project intended to be submitted as part of a Heritage Lottery Application that would create a 'History of Cridton' resource that:

- Brings together everything that already exists
- Add resources, information, and methods of engagement
- Encourages open discussion about our history and heritage
- Provides an opportunity for the community of Cridton to reconnect, following the pandemic
- Enables us to use our history to inform our future.

The resource will be designed and created by people with and without 'learning disability' or 'autism' labels, which would be fully accessible. Furthermore, the resource would be developed with the active involvement of all interested local partner organisations.

It was **resolved** that Cridton Town Council would support partnership working on this project, and an informal meeting between Jane Williams, the Town Clerk, Cllr Letch and Cllr Cairney would take place. (Proposed by Cllr Letch).

155. Mid Devon District Council - Planning Applications [MDDC Planning Public Access Portal](#)

Mid Devon District Council, the determining Authority, has asked for comments from this Town Council on the following planning applications:

Reference: 21/00222/MFUL

Proposal: Erection of a retail foodstore with associated parking, access, servicing and landscaping

Location: Playing Field at NGR 284091 100385 Commercial Road, Lords Meadow Industrial Estate

Applicant: Ms R Brady-Hooper, Lidl Great Britain Ltd

Cllr Brookes Hocking advised that the Planning Officer would attend the next meeting of the Town Strategy Committee to provide information on this application, as there is still missing documentation to allow the committee to make an informed recommendation. A recommendation would be submitted by this committee at its April meeting.

Standing orders were suspended

The following comments were made in relation to the application:

- Concerns relating to a possible covenant on the land precluding the site from being developed
- Concerns relating to the payment to the Rugby Club for relocation and how this would be paid
- Loss of view for surrounding properties
- Noise pollution due to deliveries and shoppers, and increased traffic
- Request for further information relating to water run off and drainage
- Additional wildlife surveys relating to bats, dormice and birds who live on the site
- Increase in emissions
- Loss of recreational space
- Suggestions to amend surrounding roads which are not suitable for large delivery lorries
- Loss of habitat for protected bats
- Request to plant additional trees and hedge along Exhibition Road

autht

- The additional of a green corridor on the site
- Supportive of employment for local people.

The following responses were provided by representatives of Lidl:

- Land has been earmarked for development through Local Plan, and will be developed
- Building of supermarket will unlock housing development and S106 funds to enable Rugby Club to relocate
- Delivery loading bay will be placed at leisure centre side of the property and deliveries will be limited to one per day due to proximity of distribution centre in Exeter
- Ecology surveys have been undertaken and form part of the application
- The development will provide 114 spaces for cars, but reduces the emissions of shoppers travelling to another Lidl store
- The road network would be discussed with the Highway Authority (DCC) as part of the planning process.

Cllr Cochran left the meeting at 19.30

Cllr Brookes-Hocking read a comment from the planning officer, citing that any payment from Lidl to the Rugby Club would be a private agreement and was unlikely to form part of a Section 106 agreement.
